

Employment and Income Verifications With Paycom and The Work Number

Paycom partners with The Work Number® from Equifax to provide instant employment and salary verifications 24 hours a day, 7 days a week. You can request your employment data report to see who has verified your information, dispute incorrect data or put a freeze on your data.

How do Paycom and The Work Number work together?

As your employer's payroll provider, Paycom has partnered with The Work Number to reduce the level of HR involvement with personal transactions and improve service to you, the consumer.

How can I get my employment data report?

You can call, email or download a request form to return by mail. Visit The Work Number online at <https://employees.theworknumber.com/> and click "Your Data Report" on the top menu. Scroll to the bottom to see the options.

Note: Employees will NOT need to create an account to receive their data report. They will only need to follow one of the steps listed below.

1. Call 866-604-6570

This automated service assists you in obtaining your free employment data report.

Important: If an agent requests a verification code, say, "My employer is part of the Paycom hybrid partnership." This will allow the agent to accept the request with your Social Security number and without a verification code.

2. Mail a request form

Go to <https://employees.theworknumber.com/employment-data-report> and scroll down until you see an envelope icon. Click "Download Form." You can type directly on the form before printing and mailing it to The Work Number.

3. Send an email to EDR@equifax.com
